

Roche Diagnostics & BiopsySoft*

Next Generation Anatomic Pathology Laboratory

The diagnostic solutions of Roche Diagnostics for the anatomic pathology laboratory in full collaboration with BiopsySoft software*.

BiopsySoft is a Laboratory Information System and Histology Tracking System, adapted to the needs of each anatomic pathology laboratory.

Upgrade your anatomic pathology laboratory by offering diagnostic accuracy and repeatability, combined with full control of your laboratory's workflows.

* BiopsySoft software is not a product of Roche Diagnostics.
